EXPERIENCE

Front end Web Developer
Sarah Bartley | Canton, OH | 2015 - Present
- Organize front-end performance by 15% by debugging, marking up code according to current coding standards, and running tests.
- Deploy two WordPress websites under budget by using PHP to edit existing WordPress themes, creating custom page templates, refactoring code to improve website features.
- Improve Free Code Camp open source programming guide by writing and contributing 3 articles about visual design.
- Increase front-end web developer productivity by collaborating with three developers on the Grow with Google 2018 front-end web development resources guide.
- Grow Elphas Can Code online community by 10% by reviewing community posts, enforcing community guidelines, and creating conversation topics for all members to participate.
- Write and maintain documentation for web applications on Github.

Producer
BritishPandaChick | Canton, OH | 2015- Present
- Increase user engagement by 15% by communicating with readers on social media platforms, optimizing SEO keywords, and interpreting user analytics.
- Contribute content to App Academy's The Cohort blog, The Practical Dev's #shecoded celebration, and Code Newbie newsletters.
- Create email marketing campaign in 2016 for Teachers to Tech guide with MailChimp.
- Produce 3 blogs by researching fixes and solutions, building sample code projects and designing blog graphics.
- Promote Visme features by designing projects and writing tutorials on how to use the platform.

Teacher
Sylvan Learning | Canton, OH | 2012 - 2014
- Increase student motivation and mastery in academic concepts by 20% by identifying individual learning needs, proposing strategies to assist with student learning and implementing learning plans in weekly sessions.
- Improve student performance by 10% by planning weekly lesson plans based on Ohio Academic Content Standards, accommodating curriculum to fit individual student needs and incorporating current learning strategies.
- Resolve 4 out of 5 parent concerns and requests by establishing rapport, offering support, answering questions, and conducting one-on-one conferences.
- Regularly assess student progress and interpret student results. Use student results to modify student learning plans.
